GENERAL INFORMATION

Time Difference

Korean Standard Time is nine hours ahead of Coordinated Universal Time (UTC+9).

Weather

Korea is renowned for its four distinct seasons. At the time of the conference, the average temperature will be approximately 21.9°C (71.42°F).

Air Quality

Annual average air quality index (AQI) of Incheon last year was 56 (moderate). It is acceptable, but there may be a moderate health concern for a very small number of people who are unusually sensitive to air pollution.

Currency

The unit of the Korean currency is the Korean Won (KRW). Foreign bank notes and traveler's checks can be converted into the Korean Won at foreign exchange (As of August 2019, 1USD is approximately 1224KRW). For example, see any online currency converter. <https://www.xe.com/currencytables>

Electricity

The standard voltage in Korea is 220 volts. The outlet is the same type used in continental Europe and many other countries.

Mobile Phone Rental

You may rent a mobile phone at Incheon International Airport from Service Providers below or purchase a prepaid visitor sim card to use with your own mobile phone for calls, texts as well as internet access. For more information, please visit the website of each service provider.
